

# How Cool is this?

Z-DR1

MEDIAPAC

MEDIAPAC

The perfect solution for your production and news gathering needs.

The NEW Z-DR1 hard drive recorder can record up to 8 hours of video on one removable MEDIAPAC cartridge. When you have finished shooting, simply remove the drive, insert it into your PC, and you're ready to edit. It's as simple as that.

The Z-DR1 records in popular MOV and AVI formats making the files compatible with most of today's non-linear editing packages. The MEDIAPAC can be used with a laptop simply by using the field adaptor cable with one of the several computer interfaces that are offered; Firewire, USB, SCSI, PCMCIA. Using any of these, you are ready to edit in the field. The MEDIAPACs are available in 40, 60, 80, and 100Gb storage capacities. With list prices ranging from \$199 to \$350, the MEDIAPAC offers an economical solution to the high cost of digital recording media. The Z-DR1 recorder is directly dockable to all current Hitachi Professional cameras.

Today it is all about work flow, and nothing is as simple as the Z-DR1 recording system. You'll be amazed at how easy it is to operate.

Contact your local Hitachi dealer today for a personal demonstration of the Z-DR1 recording system.

Go ahead, impress your friends, we'll help you!
